Article 32(A) of the UFCW International Constitution: [I]f any conflict should arise between . . . Local Union bylaws and the Constitution and laws of the International Union, or interpretations of either, such Constitution, laws, or interpretations shall control.

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

PREAMBLE

Because the history of workers has been but the record of constant struggle against oppression by the wealthy and powerful;

And because wealth, with its accompanying power, is becoming more and more concentrated in the hands of the few;

And because the organization of workers into trade unions is essential to the economic, social, and political freedom of society and to the successful functioning of a democracy;

And because in union there is strength and workers are better able collectively to secure their fair share of the profits accruing from their toil;

This International Union is created in order to elevate the social and economic status of workers and, further, to advance the principles and practice of freedom and democracy for all.

ARTICLE 1

Name and Headquarters

(A) This International Union shall be known as the United Food and Commercial Workers International Union and shall be comprised of all persons who are members and consist of an unlimited number of Local Unions and other chartered bodies, all of which shall bear the name United Food and Commercial Workers and shall be subject to this Constitution and any laws enacted pursuant to it; except that, in Canada, this International Union shall be known as the United Food and Commercial Workers Canada or

Commerce de Canada, and chartered bodies therein shall bear said English or French name. The initial names UFCW, UFCW Canada, TUAC, or TUAC Canada may be used or interchanged as applicable. The International Union shall not be dissolved while there are three dissenting Local Unions.

(B) The International headquarters of the United Food and Commercial Workers International Union shall be located in the metropolitan Washington, D.C. area, unless otherwise determined by the International Executive Board. The national headquarters of the United Food and Commercial Workers Canada shall be located in the greater Toronto, Ontario area, unless otherwise determined by the Executive Board of the United Food and Commercial Workers Canada National Council.

ARTICLE 2

Objectives and Principles

The object of this International Union shall be the elevation of the position of its members, and further: to conduct an International Union of persons engaged in the performance of work within its jurisdictions; to organize, establish, and charter bodies in all states, provinces, and territories of North America; to organize, unite, and assist persons, without regard to race, creed, color, sex, religion, age, disability, sexual orientation, national origin, or ethnic background, engaged in the performance of work within its jurisdiction for the purpose of improving wages, hours, benefits, and working conditions on local, national, or international levels; to obtain the status of exclusive bargaining representative of persons employed within the jurisdiction of the International Union and to process and resolve grievances and enforce all other rights arising out of such collective bargaining relationships; to encourage members and all workers to register and vote; to support research in

its industries for the benefit of its members; to advance and safeguard the full employment, economic security, and social welfare of its members and of workers generally; to protect and extend democratic institutions, civil rights and liberties, and the traditions of social and economic justice of the United States and Canada; to function as an autonomous International Union affiliated with other International Unions in national and international federations; to print and disseminate publications; to protect and preserve the International Union as an institution and to perform its legal and contractual obligations; to protect the International Union and all of its chartered bodies from any and all corrupt influences and from the undermining efforts of all who are opposed to the basic principles of democracy and democratic unionism; to acquire, receive, hold, manage, lease, convey, invest, expend, or otherwise use the funds and property of this organization to carry out the duties and to achieve the objectives set forth in this International Constitution; to take all steps and actions, which are reasonable and proper, to promote the welfare and interests of its members, of workers within its jurisdiction, and of workers generally and to afford mutual protection to members against unwarranted rules, unlawful discharge, or other forms of injustice or oppression; to sponsor, encourage, engage in, and support, financially and otherwise, educational, legislative, political, civic, social, health, welfare, community, or charitable projects or activities; and to support and encourage such other objectives for which working people may lawfully combine for their mutual protection and benefit.

ARTICLE 3

Jurisdiction

The jurisdiction of the United Food and Commercial Workers International Union shall encompass all industries and shall recognize the United Food and Commercial Workers International

include, but shall not be restricted to:

(A) Employees and other persons, in both the private and public sectors, performing any work or services in connection with or related to the sale, distribution, provision, processing, handling, or production of goods, commodities, merchandise, or services in all industries, but primarily in the United Food and Commercial

retail, and food processing and manufacturing;

(B) Anyone performing any work or services within the jurisdiction of any union or other organization which was a predecessor of the United Food and Commercial Workers International Union, has merged with the International Union or any of its chartered bodies, or has been chartered by the International Union; and

(C) Anyone performing any work or services incidental or related to work within the jurisdiction of the International Union, or otherwise performing any work or services as may be determined by the International Executive Board to be within the jurisdiction of the International Union.

ARTICLE 4

Membership Classifications

(A) All persons are eligible for membership in the United Food and Commercial Workers International Union whose membership is not otherwise restricted or precluded by this

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

Constitution or by other actions consistent with and authorized by this Constitution or International Union law, provided that no such restrictions or preclusions shall be based upon race, creed, color, sex, national origin, ethnic background, religion, disability, sexual orientation, or age. Membership shall be in accordance with the following classifications, and no member shall hold more than one classification of membership at any one time: active, affiliated, associate, paid-up life, nonactive, general, and honorary. Persons who have been suspended or expelled, are on withdrawal status, or have resigned their membership, or any other person who is not a member in accordance with the classifications of membership provided for in this Article, shall not be considered members for any purpose, except as may be directed by the International President or the International Executive Board following an appeal under this Constitution.

(B) 1. An individual is eligible to be an active member if he or she is: employed within a collective bargaining unit represented by the International Union or any of its chartered bodies; an employee or salaried officer of the International Union or any of its chartered bodies or of any organization approved by the International Executive Board with which the International Union or any of its chartered bodies has affiliated; a member of the International Union through a Local Union or a division of a Local Union which was a professional or other association that has been chartered by or merged with the International Union or any of its chartered bodies; or working as a barber, cosmetologist, or independent insurance agent; except that, at the request of the Executive Board of a Local Union, the International President may extend the active membership of any member in that Local Union during a period of unemployment, if the International President determines that exceptional circumstances warrant such extension, subject to an appeal to the International Executive Committee. Receipt by the Local Union of the current dues and the required initiation or reinstatement fee, or any installment established by the Local Union for payment of such fee, is required for an eligible individual to become an active member. Continued payment of dues, and, if applicable, any remaining installments of the required initiation or reinstatement fee, is required to maintain active membership.

2. An active member who is not actively working due to layoff, illness, disability, or a contractually provided leave of absence, and has applicable recall or reemployment rights which have not expired under the collective bargaining agreement, or who has been discharged and has a grievance pending under the collective bargaining agreement, may elect (1) to continue to pay dues and maintain active membership for the temporary period for which said recall or reemployment rights are valid or said grievance is pending, but in neither event for longer than two years, (2) to apply for another classification of membership provided for in this Article, if eligible, or (3) to apply for a withdrawal status pursuant to the provisions of Article 6. The provisions of this paragraph shall not apply in the case of an active member in a Canadian chartered body who has been discharged and has a grievance pending under a collective bargaining agreement pursuant to which the member is represented by a union other than the International Union or one of its chartered bodies.

(C) An individual is eligible to be an affiliated member if he or she is a former active member who is no longer eligible for active membership in the International Union, or if he or she is employed by an employer who is the subject of an active organizing effort by the International Union or any of its chartered bodies.

Payment of the applicable dues is required to become an affiliated member and to maintain such membership.

(D) An individual may be eligible to be an associate member if he or she is a participant in a specific associate program, established by or approved by the International Executive Board, and he or she is not eligible to be an active member. Payment of the applicable dues is also required to become an associate member and to maintain such membership.

(E) 1. Any Local Union may provide in its bylaws for the issuance of paid-up life membership in the Local Union to any of its

membership in the International Union and who are no longer eligible for active membership in the International Union.

2. Proposals to grant paid-up life memberships shall be introduced and voted on at a regular meeting of the Executive Board of the Local Union. A decision by the Executive Board not to grant paid-up life membership may be appealed at the next regular membership meeting of the Local Union.

If paid-up life membership is approved for any member, the President of the Local Union shall immediately notify the International Secretary-Treasurer of such action. If such member again becomes eligible for active membership in the International Union, he or she shall apply for active membership in the same manner as provided for reinstatement from withdrawal status in Article 6.

(F) An individual is eligible to be a nonactive member if he or she is an owner-operator of an establishment within the jurisdiction of the International Union. Payment of the applicable dues is required to become a nonactive member and to maintain such membership.

(G) 1. Any member who is no longer eligible for active membership in the International Union and who desires to maintain membership in the International Union shall, on or before the first day of the month following the effective date of his or her withdrawal status, shall be eligible to apply to the International Union to become a general member. Any general member who again becomes eligible for active membership in the International Union shall apply for active membership with the Local Union within whose jurisdiction he or she is employed in the same manner as is provided for reinstatement from withdrawal status in Article 6.

2. When a member applies for general membership, he or she shall be advised by the International Secretary-Treasurer, by certified mail, of his or her death benefits standing, if any, as of the time of application, subject to appeal to the International President.

3. General members shall pay to the International Union \$4.00 per month dues, said dues to be payable on or before the first day of the month in advance. If dues are not so paid, such general member is delinquent.

(H) No person shall hold honorary membership in any Local Union of this International Union. The International Executive Board shall have exclusive authority to confer upon any individual honorary membership in the International Union in recognition of distinguished public service.

(I) All applications for membership in this International Union shall be made on forms furnished or approved by the International Secretary-Treasurer. The Local Union shall retain such applications and enter all information required for new members on a monthly membership report in the format provided, approved, or mandated by the International Union, which could include an electronic report. Such report shall be forwarded to the International Secretary-Treasurer.

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

(J) Members shall hold membership through the Local Union in whose jurisdiction they are working or last worked, except for members employed by the International Union or intermediate chartered bodies, who shall hold membership in such Local Union as may be determined by the International President, subject to an appeal to the International Executive Committee. Where a member works within the jurisdiction of more than one Local Union, such member shall hold membership through the Local Union in whose jurisdiction such member first worked. No member shall be permitted to hold membership in more than one Local Union of this International Union.

(K) Employers, except for owner-operators, are not eligible for membership in the International Union; provided, however, that any member becoming an employer, other than an owner-operator, shall be entitled to withdrawal status.

(L) Any person who is a member of, subscribes to, or supports the principles of an organization having as its purpose to overthrow the government of the United States or Canada by force or violence, to deny to citizens the guarantee of the Bill of Rights or the Charter of Rights and Freedoms, or to throttle or eliminate a free trade labor movement, shall not be eligible for admission to membership in this International Union, nor shall such person hold membership therein. Any member charged as stated above shall be tried in accordance with the procedure set forth in this International Constitution and laws and, if found guilty, shall be forever barred from membership in this International Union.

ARTICLE 5

Membership Rights and Privileges

(A) Active members shall enjoy all rights and privileges of membership in their respective Local Unions and in the International Union, including the right to vote at all regular and special meetings and to hold any office and be elected a delegate if

Constitution.

(B) Affiliated and paid-up life members may be privileged to attend membership meetings and serve on committees as the Local Union President may determine. Such members may, at the request of the Local Union President, make reports or otherwise address such meetings. They shall have no voice or vote in Union affairs, nor shall they hold Union office or be elected a delegate.

(C) Associate, nonactive, general, and honorary members, and nonmembers shall be allowed to attend and address Union meetings at the discretion of the Local Union President. Such persons shall have no voice or vote in Union affairs, nor shall they hold Union office or be elected a delegate.

(D) Active, affiliated, nonactive, and general members have the privilege of being granted withdrawal status provided they are eligible pursuant to the requirements of Article 6. If otherwise eligible, active members may be granted military leave status.

ARTICLE 6

Withdrawal and Military Leave Status

(A) The following members whose current dues and fees have been paid shall be entitled to withdrawal status without charge therefor:

1. Members no longer employed within a collective bargaining unit represented by and within the jurisdiction of the Local Union;

2. Members whose positions are excluded from coverage by a collective bargaining agreement;

3. Members who are employed by the International Union or any of its chartered bodies who are represented by another labor organization for purposes of collective bargaining with the International Union or any of its chartered bodies;

4. Members no longer employed by an employer who is the subject of an active organizing effort by the International Union or any of its chartered bodies and who is not a party to a collective bargaining agreement with the International Union or any of its chartered bodies; and

5. Members who terminate their affiliated, nonactive, or general membership, and are not eligible for active membership.

(B) Withdrawal status shall be effective as of the first of

(C) Persons in withdrawal status may maintain continuous membership:

1. By notifying the International Union in writing no later than the first day of the month following the effective date of

4(G), with the International Union and becoming a general member as provided in Article 4(G), or

2. If eligible for active membership, applying for such, together with the payment of the current dues, with the Local Union within whose jurisdiction he or she is employed or last held membership within one calendar month from the effective date of withdrawal status.

(D) Any person in withdrawal status and making application for membership in a Local Union shall be accepted as a reinstated member without the payment of a fee, except the current dues, provided such reinstatement with the Local Union within whose jurisdiction such person is employed occurs within 30 days from the date of employment within a collective bargaining unit represented by the International Union or such Local Union, or within 30 days from the date of employment by the International Union or any of its chartered bodies, unless a longer period of time is duly established by such Local Union. Any person who is employed within a collective bargaining unit represented by the International Union or any of its chartered bodies and fails to reinstate as prescribed in this paragraph shall have his or her withdrawal status voided and shall not be reinstated to membership without the payment of the applicable fee.

(E) In the event any member whose current dues and fees have been paid enters the military service of the United States or Canada, whether voluntarily or by draft, such member shall be entitled to, upon request, military leave status with the privilege of reinstating with any Local Union within whose jurisdiction he or she is employed within a collective bargaining unit represented by the International Union or such Local Union within six months after discharge from military service, provided that such person makes application for membership in the required manner, presents evidence of his or her discharge, and pays his or her current dues.

(F) During such military leave, the benefits as provided in this Constitution shall be inoperative; however, any such person readmitted under the above provisions shall immediately be restored to membership status in all respects as of the effective date of the military leave status.

(G) Such members in military leave status applying for honored as regular withdrawal status as set forth by this Constitution in Article 6(D).

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

(H) Members in withdrawal or military leave status or holders of paid-up life or honorary membership receive such status and membership and privileges incident thereto in recognition of past membership or service or as a conferred honor. Continued possession of such status and membership and privileges incident thereto presumes that the holders of such status and membership will continue to uphold the aims, objectives, and principles of the International Union. Should any such person engage in any act which, if engaged in by a member, would constitute a disciplinary offense under Article 25 of this Constitution, the International Executive Board, after the issuance of a direction to such person to show cause why his or her status, membership, or privileges should not be voided and consideration of any response, may void the status, membership, or privileges.

ARTICLE 7

International Officers

(A) The officers of this International Union shall constitute the International Executive Board and shall consist of an International President, International Secretary-Treasurer, three International Executive Vice Presidents to be listed in order of their seniority on the International Executive Committee, and 50 International Vice Presidents to be listed in order of their seniority on the International Executive Board. In the event of a reduction in the number of International Vice Presidents between regular International Conventions as the result of vacancies which the International Executive Board pursuant to its authority in Article 17(P) has not filled or in the event of an increase in the number of International Vice Presidents in said period as the result of additions which the International Executive Board pursuant to its authority in Article 8(A)2 has made, the number of International Vice Presidents elected at the next regular Convention shall be the number serving on December 31 of the year preceding the year in which the Convention occurs. The number of International officers from Canada elected at the next regular Convention shall be six or the number serving on December 31 of the year preceding the year in which the Convention occurs, whichever is greater. If the Convention will commence in a month prior to July, the date for determining the number of International Vice Presidents, as applicable in this paragraph, shall be September 30 of the year preceding the year in which the Convention occurs.

(B) As a condition of assuming International office, upon installation each International officer shall pledge the following

on my word of honor, before the members and other witnesses here assembled, to faithfully perform and diligently execute, to the best of my ability, the duties and responsibilities of the office to which I have been elected as prescribed by the Constitution and laws of this International Union. I pledge that I will, to the best of my ability, protect and promote the democratic institutions and processes, civil rights and liberties, and the highest traditions of social and economic justice of the United States and Canada. I pledge to deliver to my successor in office all books, papers, and other property of the International Union that may be in my possession or under my control at the close of my official term. Further, I pledge at all times to bear true and faithful allegiance to this International Union and to uphold and support its Constitution and laws, as becomes a member and officer of this Union."

ARTICLE 8

International Executive Board

(A) 1. Between Conventions the International Executive Board shall be the highest authority of the International Union as provided in this Constitution. The International Executive Board shall have the final power to make such laws as may be needed in the interest and for the benefit of the International Union and its membership and which are not inconsistent with this Constitution, which laws shall be published and distributed to the affected membership.

2. The International Executive Board, during the interval between regular Conventions of the International Union, shall be empowered from time to time to elect International Vice Presidents, in addition to those elected to fill vacancies pursuant to its authority in Article 17(P), as members of the International Executive Board pursuant to the terms of the merger of an organization into the

organization as a Local Union or intermediate chartered body. Such International Vice Presidents, when elected, shall hold office concurrently and on the same basis and term as incumbent International Vice Presidents.

3. The International Executive Board shall have the power to authorize the payment of benefits, subject to the limits set out in this Constitution and laws.

4. The International Executive Board shall establish the fiscal year on which the financial books and records of the International Union shall be based. The International Executive Board shall employ a certified public accountant to perform an annual audit of the financial books and records of the International Union.

5. The International President shall be authorized to convene meetings of the International Executive Board whenever the International President deems it advisable or whenever requested by a majority of the Board, provided, however, that the International Executive Board shall meet not less often than twice a year. In connection therewith, the International President shall fix the time and place of such meetings. The International President shall chair the International Executive Board meetings, provided that, in his or her absence, the International Secretary-Treasurer shall chair, and provided further that, in the absence of both the International President and the International Secretary-Treasurer, the seniority provisions of Article 17(Q) shall govern as applicable. The chairperson shall vote where that vote would be determinative of the outcome. A majority of the members of the International Executive Board shall constitute a quorum for the conduct of all business.

6. When the International President and International Secretary-Treasurer deem it necessary for the International Executive Board to act promptly, the International President and the International Secretary-Treasurer may conduct a vote of the International Executive Board by mail, telephone, or other form of communication they deem appropriate. Any such vote shall constitute official action of the International Executive Board.

(B) The International Executive Board shall have power to make agreements with employers covering hours, wages, and conditions of employment and to exercise all other responsibilities associated with a collective bargaining representative when the International Union is such representative.

(C) The International Union shall pay the authorized expenses of the International Executive Board in connection with its

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

meetings or other authorized work performed by it. Such expenses shall be paid for on a reimbursement and/or per diem basis, and, in addition, a stipend shall be paid to those International Vice Presidents not in the primary employment of the International Union.

(D) The International Executive Board shall have the authority to grant dispensation of the fee otherwise required by Article 18(A)1 for applicants for membership or reinstatement in cases where the Local Union has waived Local Union initiation or reinstatement fees during active organizing programs and for applicants for membership or reinstatement in cases where the Local Union collects no initiation or reinstatement fee as a result of open shop conditions mandated by law or contract, provided that for such open shop situations, any such dispensation shall not provide for a fee of less than 50 percent of the fee required by Article 18(A)1.

(E) The International Executive Board shall have authority to grant dispensation in the payment of initiation fees, Union dues, or other financial obligations relating to membership in those jurisdictions operating under laws or regulations which require that membership in good standing be a condition precedent to the filing or processing of petitions for certification or representation or the legal equivalent thereof, and where the circumstances are such that the International Executive Board deems such action to be necessary. Such dispensation, when granted, may include any part or portion of the financial obligations above referred to and shall be under such terms and conditions as the International Executive Board may stipulate.

(F) Recognizing that chartered bodies in Canada operate under circumstances different from those experienced by other chartered bodies in the jurisdiction of the International Union, the International Executive Board shall be empowered, in a manner not inconsistent with the purposes of this Constitution, to give special consideration to Canadian chartered bodies, upon the recommendation of the International officers in Canada. In further recognition of the distinctive legal, cultural, political, historical, and national circumstances in Canada, the International President, the International Secretary-Treasurer, the International Executive Committee, and the International Executive Board shall consult with the National Director, who may also hold the title of National President, and consider any recommendations of the International officers in Canada prior to carrying out their respective authority on matters directly affecting the membership in Canada. Further, in the event of any jurisdictional dispute arising between chartered bodies in Canada, the National Director, who may also hold the title of National President, and the International officers in Canada shall resolve such dispute, subject to appeal to the International President and a further appeal to the International Executive Board.

(G) The International Executive Board shall have the authority to establish a program of union benefits and services for such categories of persons as it may designate who are not actively engaged in work within a collective bargaining unit represented by the International Union or any of its chartered bodies and to prescribe the rules governing membership in such program. Such program shall entitle its members to such rights and privileges as may be determined by the International Executive Board, provided that such rights and privileges shall not include the right to vote in Union affairs, nor to hold Union office or be elected a delegate.

(H) The International Executive Board may delegate any of its specific powers to the International Executive Committee or to the International President, to be exercised by the International Executive Committee or the International President on its behalf

during the interval between meetings of the International Executive Board.

(I) 1. The International Executive Board by the vote of two-thirds of its members shall have the power to call a special Convention of the International Union to consider such questions as the International Executive Board by the same vote shall certify to it. A special Convention shall be convened by such procedures as a majority of the International Executive Board shall specify, which may include a specification that the delegates, but not votes, pursuant to the apportionment formula of Article 15(B), from each Local Union be reduced.

2. No sooner than 18 months from the time the last Convention was adjourned, seven or more Local Unions comprising not less than 25 percent of the membership of the International Union, acting by a vote of the majority of the members of each Local Union present and voting at a special meeting called for such purpose, may submit a request for a special Convention, specifying the particular question or questions to be considered. The International Secretary-Treasurer shall, within 15 days of the receipt of such request, forward the request to all Local Unions for a membership vote. If Local Unions comprising at least two-thirds of the membership of the International Union, acting by a vote of the majority of the members of each Local Union present and voting at a special meeting for that purpose, shall, within 30 days after the receipt of the communication from the International Secretary-Treasurer, notify the International Secretary-Treasurer of the approval of the request for a special Convention, such special Convention shall be called as hereinafter provided. Special Conventions called at Local Union request shall be convened within four months after the receipt of the required approvals from Local Unions. The time and place of such a special Convention shall be designated by the International Executive Board and shall be set forth in a call to be issued by the International Secretary-Treasurer at least 90 days prior to its opening. A special Convention shall consider the question or questions specified to the International Executive Board as set forth in the request of the Local Unions, and such question or questions shall be stated in the call. At any such special Convention the International Executive Board shall have the right to present for consideration and action any matter or matters it deems necessary, in addition to those stated in the call.

3. Each Local Union President shall be a delegate to special Conventions by virtue of election to office, except, where a Local Union is entitled to or elects to send only one delegate to a special Convention, such delegate shall be elected by secret ballot. Where a Local Union is entitled to more than one delegate to special Conventions, the Local Union Secretary-Treasurer shall be a delegate by virtue of election to office, except, where a Local Union is entitled to or elects to send only two delegates to a special Convention, the second delegate shall be elected by secret ballot. The remaining delegates and alternates to which a Local Union is entitled shall be nominated and elected by secret ballot in accordance with the procedures for the nomination and election of Local Union officers as provided in Article 35 of this Constitution, except as provided in the procedures specified by the International Executive Board.

(J) The International Executive Board shall have the power to authorize and effectuate the merger of any other organization into the United Food and Commercial Workers International Union, where such merger can be effectuated without amendment to this Constitution. The International Executive Board may waive the application of any provision of this Constitution for a

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

period not to exceed three years or January 1 of the year following the next regular International Convention, whichever occurs later, where such waiver is necessary to effectuate the merger; except that, the International Executive Board may approve beyond such period a per capita tax payable on members of the merging organization that is higher than that provided in Article 18(A)3 of this Constitution, as provided in a merger agreement with the merging organization. Where the effectuation of a merger of the United Food and Commercial Workers International Union with another organization requires amendment to this Constitution, the International Executive Board may authorize the International President and International Secretary-Treasurer to enter into discussions directed toward merger. Approval of such a merger shall be submitted by the International Executive Board to a regular Convention or to a special Convention called for by it for the purpose of considering the proposed merger.

(K) The International Executive Board shall have the power to authorize the voluntary merger of Local Unions of the United Food and Commercial Workers International Union or of an organization not chartered by the United Food and Commercial Workers International Union into a Local Union of the United Food and Commercial Workers International Union. The International Executive Board shall have the authority to initiate and promote mergers between Local Unions pursuant to procedures adopted by the International Executive Board, where such merger would increase the ability of workers to unite with other workers in their industry or industries and improve their ability to secure better wages, benefits and working conditions. The International Executive Board shall prescribe the conditions under which any such merger shall be effectuated, and may waive the application of any provision of Articles 34 and 35 of this Constitution for a period not to exceed the first full term of office following the merger, where such waiver is necessary to effectuate the merger. Further, the International Executive Board may approve Local Union bylaws providing for constitutional officers additional to those provided for in Article 34(A) where such approval would facilitate such merger. No merger will be approved by the International Executive Board without the membership of each affected Local Union voting separately in favor of the merger.

(L) The International Executive Board shall be empowered to affiliate this International Union with such national and international bodies as the International Executive Board believes is in the best interests of this International Union.

(M) If any provision of this Constitution shall be declared or shall otherwise become invalid or impaired by virtue of any federal, state, administrative law or provincial legislative enactment, or by virtue of any decision or regulation of any federal, state, or provincial court or administrative agency, the International Executive Board shall have the authority to suspend the operation of any such provision during the period of its invalidity or impairment and shall also have the authority to substitute a provision or provisions which, to the extent permitted by law, will meet the objections and which will be in accord with the intent and spirit of the invalid provision. The International Executive Board shall give written notice to all Local Unions and all intermediate chartered bodies after exercising this power. If any provision of this Constitution should be held invalid by operation of law or by any tribunal of competent jurisdiction, the remainder of this Constitution shall not be affected thereby.

ARTICLE 9

International Executive Committee

(A) The International President, International Secretary-Treasurer, and the three International Executive Vice Presidents shall, by virtue of their offices, constitute the International Executive Committee. The International President shall serve as chairperson of the International Executive Committee, and a record shall be kept of its decisions.

(B) The International Executive Committee shall purchase, manage, and control all real property of the International Union, and may sell, rent, lease, encumber, and improve the same in such manner as the majority of the International Executive Committee shall direct, but shall have no right to sell, convey, or encumber the current or a successor International headquarters without the approval of the International Executive Board.

(C) The title to the International headquarters and other real property currently held by the International Union, or which may hereafter be acquired, shall be vested by proper conveyance in the name of the International Union or a building corporation or the International Executive Committee and their successors in office, to be held by the International Union, the building corporation or the International Executive Committee in trust for the sole use and benefit of this International Union, provided that, the title to any real property held by the International Union in Canada shall be vested by proper conveyance in the name of the International Union or a building corporation or a trustee or trustees, and their successors in office, designated by the International Executive Committee, in accordance with the applicable law in Canada, in trust for the sole use and benefit of this International Union.

(D) The International Executive Committee shall perform such other duties as are provided in this Constitution and as may be directed from time to time by the International Executive Board. The International Executive Committee may delegate any of its specific authority to the International President, to be exercised by him or her on its behalf.

(E) No member of the International Executive Committee shall receive any additional compensation by virtue of his or her services in connection with the management and control of International headquarters or other real property of the International Union.

(F) 1. A trusteeship may be imposed by the International Union upon a chartered body to correct corruption or financial malpractice, including mishandling or endangering Union funds or property, or the funds or property of any trust in which the Union has an interest; assure the performance of collective bargaining agreements or other duties of a bargaining representative; restore democratic procedures; or otherwise carry out the legitimate objectives of the International Union, including the proper administration of the finances and other affairs of the chartered body and the enforcement of compliance with federal, state, or provincial law, the Constitution or laws of the International Union, the approved bylaws of the chartered body, or the rules, decisions, or orders of the International Executive Board, the International Executive Committee, or International officers made within the scope of their authority under this Constitution. Whenever in the judgment of the International Executive Committee such action is required, it shall have the power to place such chartered body in trusteeship or take such other temporary action as it deems necessary, provided that any such action shall not be authorized in Canada unless concurred in by a majority of the International

officers in Canada. Within 30 days following the imposition of a trusteeship, a hearing shall commence to determine whether the trusteeship is justified and shall be continued.

2. a) If a trusteeship is imposed, the International President shall appoint a trustee, who shall administer the affairs of the chartered body during the trusteeship. In Canada, such trustee shall be a member of a Canadian Local Union who shall be appointed following consultation with the National Director, who may also hold the title of National President. The trustee shall act under the supervision of the International President, who may remove him or her at any time and appoint a successor.

b) The trustee shall take immediate charge of the affairs of the chartered body and shall have the right, upon demand, to all assets and records for the period that he or she is in charge, to be held in trust for the benefit of the members of the chartered body. During the trusteeship, the assets of the chartered body shall be expended for the conduct of its affairs. If, after the trusteeship hearing, the International Executive Committee ratifies the imposition of the trusteeship, the International President may require the chartered body to bear the expenses incurred in connection with the imposition, servicing, administration, and termination of the trusteeship. The trustee shall be bonded in sufficient amount as determined by the International Secretary-Treasurer to safeguard the assets of the chartered body.

c) When a trusteeship is imposed, the officers of the chartered body shall be suspended from office, and their functions shall pass to the trustee, who may delegate such functions to deputy trustees, and others as deemed necessary, subject to the approval of the International President. If the International Executive Committee determines after a hearing that the trusteeship is justified, and thereby ratifies the trusteeship, all officers within the chartered body shall immediately be removed, and the trustee may continue to delegate their functions as provided above. If the International Executive Committee determines that the trusteeship was not justified, or should not continue, the suspended officers shall be restored to their prior offices without loss of salary or benefits, unless otherwise determined in accordance with the procedures set forth in this Constitution.

d) At any time after the trusteeship has been ratified, the trustee shall have authority to bring disciplinary proceedings, including the filing of charges, against any member or former officer of the chartered body whom he or she has reasonable grounds to believe has contributed to the conditions leading to the establishment of the trusteeship. The trustee may also file charges against any member for other violations of his or her duties and obligations as a member, provided that in such case the trustee files charges with the International President within six months after the basis for the alleged violation has been discovered or should have been discovered. In any disciplinary proceeding held during the trusteeship, including any proceeding involving charges which were pending at the time the trusteeship was imposed, the accused shall be tried before a representative appointed by the International President. Trial proceedings shall be in accordance with the applicable provisions of Article 26(A), provided that such provisions are not inconsistent with the provisions of this Article. The representative appointed to conduct the trial shall, upon its completion, submit his or her findings and recommendations to the International Executive Committee with the trial record. The International Executive Committee is thereupon authorized to issue its decision and take such disciplinary measures as the circumstances warrant. Appeals from the decision of the

International Executive Committee may be taken to the International Executive Board in accordance with the applicable provisions of Article 26(C), provided that such provisions are not inconsistent with the provisions of this Article.

e) The autonomy of the chartered body shall be suspended during the period of the trusteeship, except that membership votes shall be held where required under Articles 23 and 38 and as otherwise required under this Article.

f) The trustee shall make periodic reports to the International President on the progress of the trusteeship. He or she shall also hold meetings of the membership not less than quarterly for the purpose of reporting to the membership on the affairs and transactions of the chartered body.

3. a) The trusteeship hearing shall be conducted in the vicinity of the chartered body involved by a hearing officer appointed by the International President, provided that the hearing officer shall be a member of a Canadian Local Union if the chartered body is located in Canada.

b) Adequate notice of the time, place, and subject of the hearing shall be sent by the International President to the members of the chartered body.

c) The chartered body shall have the right to be represented by its officers or suspended officers, who, subject to rules formulated by the hearing officer to prevent undue repetition, shall have the right to examine and cross-examine witnesses, present other evidence, and argue the case for or against trusteeship.

d) Members shall have a right to testify, subject to rules formulated by the hearing officer to prevent undue repetition. If a member alleges that the officers or suspended officers of the chartered body cannot adequately represent his or her interests, the hearing officer may determine, upon a sufficient showing, to permit the member to participate in the examination and cross-examination of witnesses, the presentation of other evidence, and the argument.

e) Any officer of the chartered body who refuses to produce any document relevant to the hearing shall be subject to charges and immediate suspension from office by the International Executive Committee pending proceedings under Article 9(G). Any employee who refuses to produce such records shall be subject to immediate suspension or termination from employment, as determined by the International Executive Committee.

f) The hearing officer may formulate whatever additional rules may be required to ensure a full, fair, and expeditious hearing.

g) All testimony shall be taken under oath, and a verbatim transcript shall be made of the hearing.

h) The hearing officer shall submit his or her findings and recommendations to the International Executive Committee with the hearing transcript and exhibits.

i) Within 45 days from the date the hearing closes, the International Executive Committee shall issue its decision and order, which shall include its findings and determinations. Such decision and order shall be sent to the chartered body and made available to its members.

j) The International President shall make available for examination by the members of the chartered body, at the office of

recommendations, the hearing transcript, and the hearing exhibits.

4. a) A decision and order of the International Executive Committee following the hearing specified in Article 9(F)3 may be appealed to the International Executive Board in accordance with

UNITED FOOD & COMMERCIAL WORKERS INTERNATIONAL UNION CONSTITUTION

the applicable provisions of Article 26(C) governing appeals to the International Executive Board.

b) A decision and order of the International Executive Committee determining that a trusteeship is justified shall constitute ratification or authorization of the trusteeship by the International Union, unless reversed on appeal.

5. a) The trusteeship shall continue for such period as the International Executive Committee shall consider necessary for the reorganization or stabilization of the affairs of the chartered body to achieve the purposes of the trusteeship; provided, however, that the body in trusteeship shall have the right to petition for removal of the trusteeship at intervals of not less than six months following the establishment of the trusteeship. Any such petition must first be duly signed by a majority of the active members of the chartered body and then filed with the International President.

b) Upon receipt of such petition, the International President shall at the earliest practicable time hold an inquiry to determine whether the trusteeship shall continue. The inquiry shall be conducted by a representative appointed by the International President, under rules formulated to ensure a full, fair, and expeditious inquiry. Due notice of the time and place of the inquiry shall be given to the members of the chartered body.

c) The representative holding the inquiry, at its conclusion, shall submit findings and recommendations to the International Executive Committee. The decision of the International Executive Committee shall include its findings and recommendations and shall be sent to the members of the chartered body.

d) The decision of the International Executive Committee may be appealed to the International Executive Board by any member of the chartered body in accordance with the applicable provisions of Article 26(C).

6. Prior to the conclusion of the trusteeship, the trustee shall review the bylaws of the chartered body and shall submit his or her recommendations for amendment to the membership in accordance with the applicable provisions of Article 32(A). Prior to the conclusion of the trusteeship, the trustee shall conduct a new election for all offices of the chartered body in accordance with the Constitution of the International Union and the bylaws of the chartered body.

7. When the trusteeship is terminated upon order of the International Executive Committee, the trustee shall return all assets and records to the chartered body and shall make an accounting of his or her trusteeship to the International Executive Committee and the chartered body.

8. No obligation or liability of a chartered body which may have been incurred prior to the imposition of a trusteeship shall be assumed by or become an obligation of the International Union. No obligation or liability of a chartered body which has been placed in trusteeship, including obligations under existing collective bargaining agreements incurred subsequent to the institution of such trusteeship, shall become an obligation of the International Union, unless specifically authorized or assumed by the International Executive Board.

(G) Whenever the activities of any member or officer of a chartered body involve, in the judgment of the International Executive Committee, an emergency situation injurious to the welfare or best interests of the International Union or a chartered body, the International Executive Committee is authorized to assume original jurisdiction in such matter, even though charges may have been filed with another body and are pending. Under such

circumstances, the International Executive Committee may suspend the person from membership or office, but it shall be required to accord such member or officer a hearing, upon notice of the charges against him or her, and the hearing shall commence within 30 days of such suspension. The International Executive Committee shall have authority to appoint a temporary successor to any officer thus suspended, to serve until the charges are disposed of. Such hearing shall be conducted by a representative appointed by the International President, and the proceedings shall be in accordance with the applicable provisions of Article 26(A), provided that such provisions are not inconsistent with the provisions of this paragraph. Following such hearing, the International Executive Committee is authorized to take such disciplinary action as the circumstances warrant, including removal from office. Appeal from the decision of the International Executive Committee may be taken to the International Executive Board. Procedure on appeals shall be governed by the applicable provisions of Article 26(C).

(H) Whenever, in the judgment of the International Executive Committee, a chartered body is working against the best interests of the International Union, including, but not limited to, violation of the provisions of the Constitution and laws of the International Union, the International Executive Committee shall have the authority to expel such chartered body after a hearing conducted pursuant to the applicable provisions of Article 9(F), subject to an appeal to the International Executive Board; provided that any such action shall not be authorized in Canada without consulting with the National Director, who may also hold the title of National President, and having the support of a majority of the International officers in Canada.

ARTICLE 26

Disciplinary Proceedings and Appeals

(A) 1. A member shall be charged and tried in the Local Union through which he or she is a member at the time the charges are filed, except as otherwise provided in this Constitution. Any person no longer a member may be charged and tried in the Local Union through which he or she last held membership for actions committed while he or she was a member.

2. Charges may be filed by an active member of the Local Union through which the accused is a member, or, where the accused is no longer a member, by an active member of the Local Union through which the accused was a member at the time of the alleged violation, or by a representative of the International Union.

3. More than one charging party may join in the same set of charges, but the charges must name one of the charging parties as the representative of the others to be responsible for filing papers, receiving papers, and trying the case. Where the charges fail to designate such representative, then the first charging member named in the charge shall be considered the representative of the others.

4. Charges and other formal documents referred to in Article 26 sent by mail or submitted in another generally accepted manner other than in person shall be considered filed as of the date of postmark or other indicia of transmission. Charges and other formal documents referred to in Article 26 delivered in person shall be considered filed as of the date of delivery.

5. Charges shall be filed with the Local Union Executive Board within six months after the basis for the alleged violation has been discovered or should have been discovered.

6. The charges shall specify the Article or Articles of the International Constitution or laws or the Local Union bylaws or rules allegedly violated and shall also set forth a short and plain factual statement of the act or acts considered to be in violation, including available information as to dates and places, in such a manner and sufficient detail as to fairly inform the accused of the specific acts which are alleged to constitute violations of the International Constitution or laws or the Local Union bylaws or rules. Either upon motion by the charged parties or the Local Union Executive Board, charges failing to comply with this requirement shall be dismissed by the Local Union Executive Board, without prejudice to the refiling of charges within ten days which do comply with this requirement. Dismissal of refiled charges shall constitute final action, subject to appeal as provided in Article 26(C).

7. A true and correct copy of the charges and a copy of the Constitution and Local Union bylaws shall, without delay, be served upon the accused party by the Local Union Executive Board by certified mail, return receipt requested, or in person. The accused

shall be afforded a reasonable opportunity to reply in writing to the charges, if he or she so desires.

8. On motion of the accused before trial, or upon its own motion, the Local Union Executive Board may dismiss without trial

true, fail to allege actions which would constitute violations of the International Constitution or laws or the Local Union bylaws or rules. Such dismissal shall be subject to appeal as provided in Article 26(C).

9. On motion of the accused before trial, or upon its own motion, the Local Union Executive Board may dismiss without trial any charges it finds are of such a nature that the interest of the Local Union does not justify the expenditure of time, money, and other resources necessary for the conduct of a disciplinary proceeding or where it finds that the undisputed material facts warrant dismissal of the charges. Such dismissal shall be subject to appeal as provided in Article 26(C).

10. Except for charges processed pursuant to Article 26(A)16, the trial on the charges shall be held as soon as practicable, but no later than 60 days following the date on which the charges are filed. However, upon request of either party, for good cause shown, an adjournment to a later date, not to exceed 100 days from the date the charges are filed, may be granted by the Local Union Executive Board. The Local Union Executive Board shall have the power, upon its own motion, to postpone any scheduled trial, provided such postponement shall not be beyond 100 days from the date the charges are filed. Any such Executive Board decision to postpone the trial beyond the scheduled date or to set a trial for 60 days beyond the date of the charges being filed must be served upon all parties immediately. Every effort shall be made to schedule the trial so that it does not conflict with the

trial date shall be given in writing. The written notice to the charging and accused parties shall state that the parties have the right to have other members of the Local Union attend the trial, subject to reasonable accommodations of space. Any request for the postponement of the trial date must be received by the Executive Board at least three days before the scheduled trial date, unless a satisfactory showing is made of inability to comply with this requirement. The request must include good cause for such a postponement. In the event the accused fails to appear for a duly noticed trial, it shall nevertheless proceed.

11. The trial shall take place before the Local Union Executive Board, which for purposes of Article 26 shall mean those members of the Local Union Executive Board serving for purposes of trial. The President of the Local Union shall be the chairperson of the Executive Board for purposes of the trial proceeding. No charging party or accused member or a witness may serve on the Executive Board in the conduct of disciplinary proceedings. Where the chairperson is unable to serve for any reason, the remaining members of the Local Union Executive Board shall designate one of their number to act as chairperson. On motion filed with the Local Union Executive Board, prior to trial, either party may ask that a particular Board member be excused from participating in the proceeding if he or she thinks that he or she cannot receive a fair trial before that Board member. The Executive Board shall give precedence to consideration of such motion. For purposes of trial, a quorum of the Executive Board shall consist of three of its members, and a quorum is necessary throughout the trial. If an Executive Board member is absent during any portion of the trial, he or she may not participate further in the proceeding. All

questions of order, procedure, and admissibility of evidence shall be decided by the chairperson, subject to being overruled by a majority vote of the Board upon motion by a member of the Board.

12. The accused and charging parties shall have a fair and impartial trial and shall have the right to present witnesses and other evidence in their behalf and to examine any witnesses. The accused shall have the right to refuse to testify. A charging or accused member may be assisted, advised, or represented by another member of the Local Union. At the commencement of the trial, the chairperson of the Board shall advise the parties of their rights as set forth above in this Article, and shall read the charges to the accused. The accused shall then plead guilty or not guilty to each charge. In the event the accused elects not to appear or to respond, he or she shall be deemed to have entered a plea of not guilty and the trial shall proceed. Throughout the trial, there shall be a presumption of innocence in favor of the accused. The charging party shall present his or her case first and shall have the burden of proving the allegations contained in the charges. At the close of the charging

shall have the right to move to dismiss the charges because the charging party has failed to present record evidence that establishes a violation of the International Constitution or laws or the Local Union bylaws or rules.

13. A detailed written record of the trial proceedings shall be made and preserved and shall constitute the trial record, provided that no fine, nor loss of membership rights or Union office, shall be imposed unless a stenographic record and transcript are kept of the trial proceedings.

14. Upon the completion of the trial proceedings, the Executive Board shall, within 45 days, determine the innocence or guilt of the accused, based solely on the record evidence. The parties shall be advised of the decision in person or by certified mail. A verdict of guilty shall require a two-thirds majority vote of the Executive Board. If the decision is that of guilty, the Executive Board shall affix appropriate penalties, provided that such discipline shall be reasonable and fair, and, provided further, that no discipline shall be imposed without stating with specificity what the discipline is being imposed for. If any officer or representative of the International Union or any of its chartered bodies is found guilty, he or she may be disciplined as provided in this paragraph and, in addition, may be suspended or removed from office or position, subject to the conditions above; provided that, if the Local Union

Union, the officer may appeal the decision to the membership within 15 days from the date the adverse ruling is delivered to the officer, in which case, the membership shall be sent not less than 15

within 40 days of t

members shall vote by secret ballot whether to remove the officer, subject to appeal pursuant to the applicable provisions of Article 26(C). In case of such charges, the International Executive Committee shall have the power to suspend the charged officer or International representative prior to trial.

2. Any such appeal to the Convention shall be filed with the International Secretary-Treasurer within 30 days from the date the adverse ruling is delivered to the appealing party.

(C) 1. A member who has been found guilty of any offense as herein set forth, or the charging party when the accused has been acquitted, may appeal to the International President for redress, subject to a further appeal to the International Executive Board.

After all statements have been or could have been filed, the International President shall consider the appeal and render a decision within three months of the date that all statements have been or could have been filed, unless the International President determines that the issues are of such complexity or the appeals pending are so numerous as to warrant an extension to four months, or unless both the charging and accused parties agree to an extension of time. The International President shall give his or her reasons for the decision in writing, a copy of which shall be mailed to each party and the Local Union Executive Board.

A Local Union which, as determined by the International Executive Committee, has failed to affiliate or remain affiliated with an intermediate chartered body that has jurisdiction for such Local Union shall be assessed a penalty on the next per capita statement of the International Union following such determination; and such penalty, which shall be payable to the International Union, shall be equal to 2 percent of the total amount which the Local Union is billed for International per capita tax on said statement. The Local Union shall be assessed such penalty each month until the International Executive Committee has determined that the failure to affiliate or remain affiliated has been remedied.

(B) 1. Intermediate chartered bodies shall adopt and amend bylaws for their government as they deem appropriate, provided they conform to the Constitution and laws of the International Union and are approved by the International President. ARTICLE 31

Local Union Charters

(A) The International Union shall grant a charter upon the joint approval of the International President and International Secretary-Treasurer; provided that, if the Local Union to be chartered is not a pre-existing organization or the successor to a pre-existing organization, a charter shall be issued following approval of an application which has been signed by seven or more persons who are eligible for membership in this International Union and which has been submitted to the International Secretary-Treasurer. A newly chartered Local Union that was an organization prior to its chartering by this International Union shall be exempt from the payment of the fee required by Article 18(A)1 on all members of the organization as of the date of the chartering. The International President, in consultation with the International Secretary-Treasurer, shall determine the jurisdiction of Local Unions and may modify the jurisdiction of Local Unions from time to time, subject to an appeal to the International Executive Board. The International Executive Board may waive the application of any provision of this Constitution for a period not to exceed the first full term of office following the date the charter is issued where such waiver is necessary to effectuate the chartering.

(B) Where a charter is applied for within the jurisdiction of an existing Local Union, it shall not be issued until the existing Local Union has had an opportunity to present its views to the International President and International Secretary-Treasurer. The decision of the International President and International Secretary-Treasurer to grant, to modify, or not to grant such charter shall be final, subject to an appeal to the International Executive Board.

(C) No Local Union shall entertain a resolution to dissolve or to withdraw from or surrender its charter to the International Union unless notice that such resolution is to be entertained is mailed to each member of the Local Union by certified mail at least 60 days prior to the regular meeting at which such resolution is to be acted upon. Such resolution shall be read at the regular meeting prior to the regular meeting at which such resolution shall be entertained. At least 60 days prior to the regular meeting at which such resolution is to be entertained, notification by certified mail that such resolution has been proposed shall be given to the International President by the President of the Local Union. The vote at such meeting shall be conducted by secret ballot. Notwithstanding any of the foregoing, or any other provision of the International Constitution, the Local Unions chartered in Canada may withdraw from the International Union as a body in the manner provided for by the International Executive Board.

(D) If a Local Union has fewer than 50 active members for each of three consecutive months, the International Executive Committee, after the issuance of a direction to such Local Union to show cause why it should not be dissolved and consideration of any response, may dissolve the Local Union.

(E) If the International Executive Committee shall determine that any Local Union is defunct, dissolved, or withdrawn, or if it expels a Local Union, it shall direct that all assets, property, books, and records held in the name of or on behalf of such Local

If no such reorganization occurs, such assets, property, books, and records shall, without further proceedings, become the property of the International Union. The officers and members of such Local Union shall be responsible for compliance with this Article within 30 days of such determination under penalty of being prosecuted by law, or forfeiture of membership and benefit in this International Union, or both.

(F) Members of defunct, withdrawn, dissolved, or expelled Local Unions shall be transferred to such Local Union as may be directed by the International Executive Committee. Such transfer shall become effective immediately.

The general chairperson shall establish a deadline for the receipt of return mail ballots, which shall be no earlier than 15 days or later than 30 days after the date upon which the ballots are mailed to the members; provided that, if separate notice setting forth the manner and the dates that the ballots will be sent to the membership and that the return mail ballots must be received has not previously been mailed to each member at his or her last known home address, the receipt deadline shall be no earlier than 20 days after the date upon which the ballots are mailed to the members. On the day of the receipt deadline, after 12:00 noon, at least two members of the election committee shall together pick up the mail ballots and return them unopened to the place specified by the general chairperson, and thereupon the election committee shall open and count the ballots. If only a portion of the election is conducted by mail ballot, the receipt deadline shall be within the limits provided above and, in addition, the same as the date established for the close of voting in the non-mail portion of the election, and the election committee shall open and count the mail ballots following the close of voting in the non-mail portion that day. Adequate safeguards to ensure the secrecy of each referendum shall be provided by the Local Union officers and election officials.

10. Write-in candidates and proxy voting shall not be permitted.

11. A plurality of votes cast shall be required for election, except as to the offices of Local Union President and Secretary-Treasurer, where a majority of votes cast shall be required for

election. Where the election for an office other than President or Secretary-Treasurer results in a tie or where no nominee for Local Union President or Secretary-Treasurer receives a majority of votes cast, a runoff election between the two nominees with the higher number of votes shall be conducted.

12. When nominations have been completed and there are unopposed candidates, such unopposed candidates shall be deemed elected by acclamation.

13. a) A Local Union may provide in its bylaws for nominations to be conducted by petition. Such Local Union bylaw provisions shall establish procedures for nomination by petition, and such procedures shall be consistent with the provisions of this Article. Such bylaw provisions shall establish a number of signatures of active members of the Local Union required for nomination of an active member for a specific office. The number of signatures required shall not exceed 2 percent of the average monthly active membership of the Local Union, based on the number of active members on which the Local Union pays per capita tax to the International Union, for the twelve-month period ending with the next to last month prior to the month in which the notice of nominations is mailed to the membership. If the Local

Notice of nominations and election may be combined into a single notice, which shall be mailed in accordance with the time requirements of this paragraph.

c) The top of each page of the petition shall indicate the member who is being nominated and the specific office for which he or she is being nominated. If a member is being nominated for a Vice President position, the petition shall specify the numerically designated Vice President position for which he or she is being

Each petition shall contain the signature, printed name, and other identifying information, as determined by the general chairperson of the election, of each member signing the petition. Petitions shall be filed at the Local Union office by mail or in person. The original signatures are required to be filed, and transmission by facsimile, computer, or other form of electronic transmission shall not be valid. 14. The ballots and all other records pertaining to the nominations and elections, including the membership mailing lists which were used to send the notices of the nominations and elections, shall be preserved for not less than one year by the Local Union President.

15. A copy of the results of the election shall be immediately mailed to the International President.

16. Formal installation of the newly elected officers may be either before or after the start of their term of office to suit the convenience of the Local Union, but in any event, during either the month preceding or the two months following the start of their term of office; provided, however, that no officer shall be deemed to be in office unless bonded where required by the Constitution and laws of the International Union.

17. No funds of the International Union or any of its chartered bodies shall be used to promote the candidacy of any person for any elective office within any chartered body.

18. No publications sponsored by or supported by the International Union or any chartered body shall be used to promote the candidacy of any person for elective office within any chartered body.

19. In the event any candidate for the office of President dies between nominations and the completion of the election, the election shall be postponed. New nominations for all offices and an election for same shall be conducted prior to the conclusion of the present term of office, unless compliance with the other time

possible. Notice of the rescheduled nominations and election shall be mailed to the membership pursuant to the provisions of Article 35(C)1, 2, and 3.

20. Not more than 15 days subsequent to the election, all challenges to the election shall be submitted to the general chairperson of the election. The Local Union general chairperson and election judges shall consider any such challenge and take such remedial action as they deem appropriate. Not more than 15 days subsequent to such decision, an aggrieved party may appeal such decision to the International President. Where the general chairperson of the election and the election judges fail to render a decision within 30 days of the Local Union election, the challenging party may appeal to the International President not later than 15 days thereafter.

21. The decision of the International President may be appealed to the International Executive Board not later than 30 days after such decision has been rendered.

22. The International President or International Executive Board shall take whatever steps are deemed necessary to resolve the challenge to the election and enforce their respective decisions.

23. Any challenge or appeal which could have been presented in compliance with these filing requirements, but was not, shall be deemed to have been waived.

(D) 1. Where vacancies occur in any office of a Local Union, the Local Union Executive Board, not later than 90 days after the vacancy occurs, shall fill the vacancy for the balance of the term. However, a vacancy in the office of Local Union President shall be filled no earlier than 30 days nor later than 90 days after the vacancy occurs. Any member filling a vacancy must satisfy the eligibility requirements of Article 35(A) as applicable to the filling of vacancies.

2. In the case of a vacancy in the office of Local Union President, the Secretary-Treasurer of the Local Union shall perform

the duties of such office until a new President is elected by the Local Union Executive Board.

(E) If any officer shall fail to attend three successive Local Union Executive Board meetings, without satisfactory excuse, the office shall be declared vacant by the Local Union Executive Board.

ARTICLE 36 Local Union Board of Trustees

(A) Three Local Union Executive Board members, by virtue of their offices, shall constitute the Local Union Board of Trustees. Two of these shall be the President and the Secretary-Treasurer, and the Local Union Executive Board shall annually designate one of the other members of the Executive Board to be the third trustee.

(B) The trustees shall be responsible for ensuring that all finances of the Local Union are managed in accordance with the Constitution and laws of the International Union and the approved bylaws of the Local Union. The trustees shall be responsible for ensuring that the funds and property of the Local Union are properly received and managed for the sole use and benefit of the Local Union and in accordance with standard accounting practices.

(C) The signatures of two of the three trustees shall be required on all checks, electronic transfers and all other financial documents, and the trustees shall be responsible for ensuring that all banks and other financial institutions holding funds or property of the Local Union are so instructed.

(D) The trustees shall examine the financial records of the Local Union. The trustees shall make a quarterly financial report to the International Secretary-Treasurer on forms supplied or approved by the International Secretary-Treasurer and on such schedule as he or she may determine, and they shall also promptly submit a copy of said report to the Local Union Executive Board. The trustees shall also file with the International Secretary-Treasurer copies of all audits required by this Constitution and all annual financial reports required by the federal government within 30 days of their completion.

(E) The trustees shall employ a certified public accountant or a chartered accountant to assist them in the performance of their duties and to perform a complete audit of the Local Union not less than once a year, except that in Local Unions whose membership at the end of the fiscal year is less than 2,500, the trustees may employ a certified public accountant or a chartered accountant to perform a review and issue a report thereon, and except further that, Local Unions whose membership at the end of the fiscal year is less than 250 shall not be subject to the requirements of this paragraph.

(F) The trustees shall ensure that Local Union officers, representatives, and employees are bonded as directed by the International Secretary-Treasurer and in accordance with Article 11(L).

(G) The title to a headquarters building or other real property held by the Local Union shall be vested by proper conveyance in its own name, if applicable state or provincial law permits; in the names of the individual members of the Board of Trustees and their successors in office, to be held in trust for the sole use and benefit of the Local Union; or in a separate building corporation whose corporate documents have been approved by the International President; except that, a headquarters building or other real property which has been vested prior to January 1, 2004, in the name of a corporate trustee or the Board of Trustees and their successors in office may continue to be vested in that manner.

ARTICLE 37 Local Union Funds

(A) The general or special funds or property of a Local Union shall be used only for such purposes as are specified in the Constitution and laws of the International Union or the Local Union bylaws, as may be established by proper resolution of the Local Union Executive Board, or as may be required to transact and properly conduct the business of the Local Union.

(B) The Local Union shall, under no circumstances, use any of its funds for loans or donations to officers and employees. The Local Union Executive Board may authorize financial assistance to members in the event of a strike, lockout, or other economic action, or in the case of a personal disaster.

(C) Any disposition of the property of a Local Union for less than fair market value at any time or liquidation of a substantial portion of the assets of a Local Union in contemplation of the Local

ARTICLE 38 Local Union Revenue

(A) 1. Except as otherwise provided in this Constitution, reasonable dues, initiation and reinstatement fees, and general or special assessments shall be established, increased, or levied by Local Unions by a majority vote by secret ballot of the members.

be sent to the membership prior to voting.

2. No Local Union may provide for monthly dues for any member which are less than two times the current per capita tax of the International Union, unless otherwise approved by the International Executive Board, provided that Local Unions may provide for monthly dues for affiliated members which are not less than the current per capita tax of the International Union and for associate members participating in a specific associate program approved or established by the International Executive Board which are less than the current per capita tax of the International Union. An applicant for membership shall pay an initiation or reinstatement fee, unless otherwise provided pursuant to this Constitution, plus the current month's dues and assessments.

3. In order to ensure the financial health of the International Union and its Local Unions, the monthly dues in each Local Union shall be increased in the amount of \$3.00 per month for each member effective October 1, 2013. If the International Executive Board exercises its authority pursuant to Article 18(A)3 of this Constitution to increase the per capita tax by an additional amount effective June, 2015, or later, the monthly dues in each Local Union shall be increased by an additional amount equal to twice such increase in the per capita tax, effective the first day of the month such per capita tax increase is effective.

(B) Each Local Union shall maintain an accurate record of the dues and other moneys collected from each member. All moneys collected by the Local Union for initiation fees, reinstatement fees, dues, assessments, etc., shall be the property of the Local Union, with the exception of the monthly per capita tax and fees as set forth in Article 18, which are the property of the International Union.

(C) Each Local Union shall be responsible for the money of all members paid to the Local Union and not forwarded to the International Secretary-Treasurer in accordance with the

Constitution. Every Local Union shall be responsible for any and all benefits due members or their heirs where a member is not eligible for benefits in the International Union through the neglect or fault of a Local Union or any of its officers to remit per capita taxes, or to perform any other duties incumbent upon them, within the time limit fixed by this Constitution.

(D) Any Local Union may include in its bylaws a provision for payment by the Local Union of all or a specified portion of the dues of such of its members who are temporarily incapacitated due to illness or disability, are unemployed due to an authorized strike or a lockout, or are officers or stewards not in the primary employment of the International Union or any of its chartered bodies.

(E) 1. Dues shall be due and payable on or before the first day of the month for which they are due.

2. Any member two calendar months in arrears for dues and fees to the Local Union shall stand suspended if they are not paid on or before the first day of the third month. After the expiration of such period, no Local Union shall accept dues without a reinstatement application and the required fee. The effective date of suspension shall be the first month for which dues and fees are not paid. The responsibility for maintaining membership rests with the member; suspension, therefore, when it occurs, is the voluntary act of the member involved.

(F) A suspended member working within the jurisdiction of the International Union may, upon application, be reinstated in the Local Union within whose jurisdiction he or she is working, upon the payment to the Local Union of the regular reinstatement fee or dues of that Local Union, provided that such reinstatement shall not relieve a suspended member of any past financial obligations.

(G) The provisions of this Constitution relating to a incorporating into any union-security contract those requirements for good standing membership which may be in violation of applicable law, nor shall they be construed as requiring any employer to violate any applicable law. However, all financial obligations imposed by or under this Constitution and Local Union bylaws (and in conformity therewith) shall be legal obligations of the members upon whom imposed and shall be enforceable in a court of law.
